

plans and expects in the future to issue additional shares for the purpose of raising additional equity capital. For new shares issued, SFPG will incur additional costs for listing new shares on the CHX.

The majority of SFPG's stock is traded on the NYSE. Since the vast majority of SFPG stock is currently traded on NYSE, SFPG believes that it is not cost effective to maintain a listing on a regional exchange. The Company has therefore determined that a single listing, on the NYSE, will be sufficient to serve the needs of its stockholders.

Any interested person may, on or before June 6, 1996, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street NW., Washington, D.C. 20549, facts bearing upon whether the application has been made in accordance with the rules of the exchanges and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,  
Secretary.
